Chevrolet / GMC Truck Multi-gauge Bezel

PN: ABG-105 (5 gauges)

PN: ABG-104 (4 gauges)

PN: ABG-103 (3 gauges)

Chevrolet / GMC truck dash-mount multi-gauge bezel (front view)

Chevrolet / GMC truck dash-mount multi-gauge bezel (rear view)

Particularly useful in 2007 - 2014 Chevrolet / GMC light duty trucks equipped with the optional Bose stereo system - **enabling the use of after-market gauges while avoiding interference with speakers located in the A Pillar.**

The ABG-103, ABG-104 and ABG-105 Bezels have been designed for use as interior multi-gauge, top-of-dash mounting panels, sized and manufactured for easy installation in full-size, light duty (1500, 2500, 3500) Chevrolet Silverado and GMC Sierra trucks - model years 2007 - 2014.

Available in three versions: 3 gauge (PN ABG-103), 4 gauge (PN ABG-104) or 5 gauge (PN ABG-105). Shipped complete with hook-and-eye attaching kit to fit nicely with the dash contour.

The mounting bezels accept 2" (53mm) diameter instrument bodies and features graduated mounting angles to insure optimum operator view for each gauge. This light and sturdy panel is manufactured from 2.0mm wide temperature ABS plastic (black only).

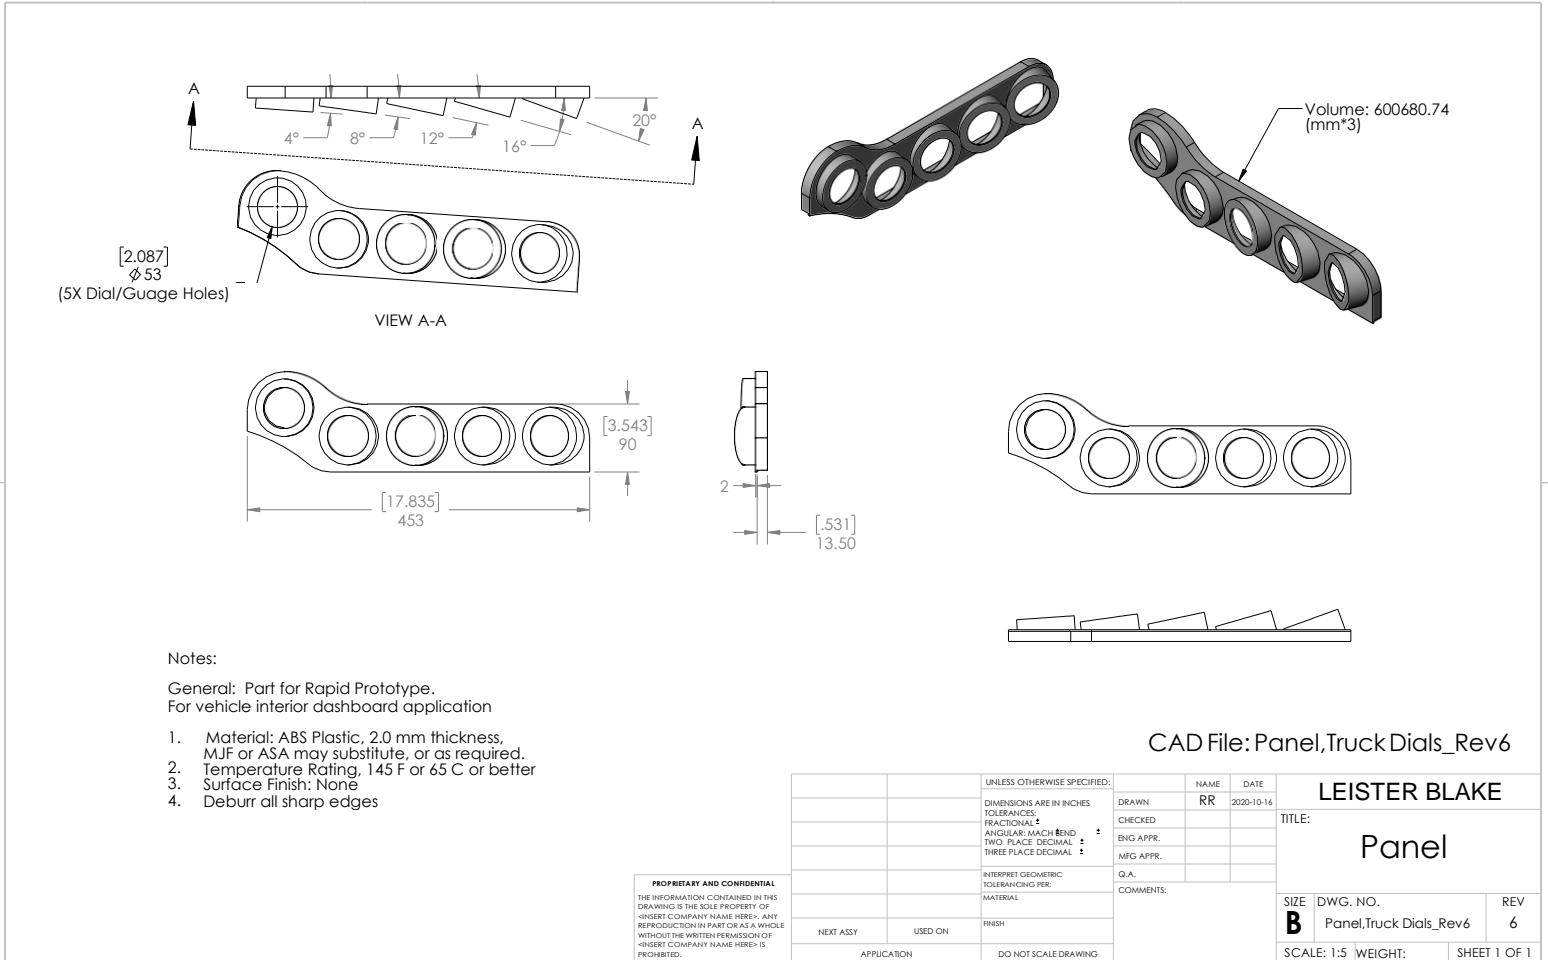

Shown mounted in 2008 Chevrolet Silverado
